## **AI x SDGs Hackathon Competition 2024 Guidelines**

Organizer: Alumni Association of National Taiwan University Malaysia (AANTUM)

Co-Organizer: Universiti Tunku Abdul Rahman (UTAR)

Advising Unit: Taipei Economic and Cultural Office in Malaysia

### A. Objective

The purpose of this event is to enable students to address real-life problems through technology, helping them think about their roles and responsibilities in the world and become responsible global citizens. This event aims to connect national high school students with international social issues and achieve the following educational goals through problem-solving practices:

1. Encourage high school students nationwide to apply their knowledge and demonstrate their design thinking and problem-solving skills.
2. Guide high school students to brainstorm innovative ideas through interdisciplinary collaboration in the competition.
3. Provide students with opportunities for interdisciplinary exchange under the theme "Using Large Language Models to Solve SDG Issues" to inspire creativity and solve real-life problems.

### B. Participants

High school students (Form 4 to Form 6) from the Kuala Lumpur and Selangor region.

### C. Event Duration

From now until December 31, 2024.

### D. Registration Fee
